**Monroe County NOW will use USELECTIONSLIVE.COM to Check Election Day Results**  
**Several non-partisan organizations will use USELECTIONSLIVE.COM to check real-time Election Day results.**

FOR IMMEDIATE RELEASE (October 31, 2024)

BLOOMINGTON, IND. — Monroe County National Organization for Women (MCNOW) joins other local non-partisan organizations to announce our use of USELECTIONSLIVE.COM for breaking Election Day results on Tuesday, November 5th. Residents are encouraged to download the app or visit [uselectionslive.com](https://uselectionslive.com) to view up-to-date results as they come.

**Brief background about US Elections Live:**

An Island, LLC developed US Elections Live to empower County Clerk's Offices on being able to communicate election information and results to the public in a very timely, effective, and efficient manner. US Elections Live will display all of the races and results that County residents can vote on for any local, district, statewide, and national races/candidates. Users can even opt-in for Push Notifications from the app or SMS Alerts of election updates. It will also show detailed and historical statistics of a race by Precinct/Vote Center, Total Vote Counts, Sample Ballots, and even Voter Turnout estimates based on the information provided from current and previous elections by the Clerk's Office in participating counties.
