Health Department Remains Closed for Walk-In Services Monday as Interim Health Officer Appointment Moves Forward

BLOOMINGTON – The Monroe County Board of Health and Monroe County Board of Commissioners are working with County Legal to complete the appointment of an interim Health Officer as quickly as possible. The appointment process is moving forward, and we will share an announcement as soon as it is finalized.

Until an interim Health Officer is in place, the Monroe County Health Department will remain closed for walk-in services on Monday, October 26, and will operate by appointment only. The Department will not issue permits or birth/death certificates, nor provide STI testing or treatment during this time.

Individuals in need of other services can call the Health Department at 812-349-2543 to make an appointment.

The Board and Department staff thank the community for its patience and support. Our priority is to restore full services as soon as possible, and we will share updates as more information becomes available.
